

# From Knowledge to Practice: Language, Literacy, Lasting Impact

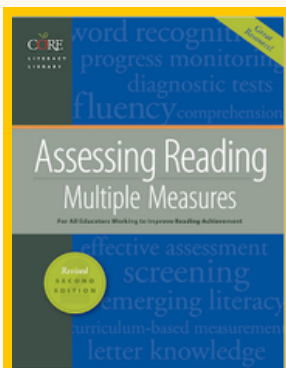

For 30 years, CORE has partnered with districts to build the systems and practices that make Structured Literacy effective for every learner.

## The nation's most trusted reading resources — created by CORE

### ***The Teaching Reading Sourcebook***

- Bridges the art and science of reading instruction for effective classroom practice. **Rated Exemplary on the NCTQ teacher prep review.**

### ***Assessing Reading: Multiple Measures***

- Connects assessment and instruction to identify student needs, inform teaching, and measure growth with research-based diagnostic practices.

# Build knowledge. Strengthen Practice.

CORE's courses, coaching, and implementation support build educators' knowledge of language and literacy and strengthen practice through aligned support.
